Drone Assessment and Response Tactics (DART) – AWR-407

Overview

The Cybersecurity & Infrastructure Security Agency (CISA) Region 9 (AZ, CA, HI, NV, AS, CNMI, and GU), invites you to join an eight-hour Drone Assessment and Response Tactics (DART) course hosted by New Mexico Tech via zoom.

The DART course provides emergency personnel with the knowledge and skills necessary to detect, identity, track, assess, respond, and report Unmanned Aircraft Systems (UAS) activity.

Participants are presented with information on the current UAS criminal and terrorist threat, analog and electronic UAS detection techniques, and response tactics to address this threat.

Recommended Audience: Emergency Management, Emergency Medical Services, Fire Service, and Law Enforcement.

EVENT DETAILS	
DATE	May 21st, 2024
TIME	08:00 AM – 4:00 PM PT
REGISTRATION:	Zoom Registration Link

Learning Objectives

- Identify equipment or techniques used to detect UAS activity.
- Understand UAS types, payload capabilities, laws, policies, and regulations.
- Understand how to track UAS with or without equipment & demonstrate proficiency.
- Understand physical effects and dangers of IED detonation and evidence preservation.
- Identify terrorism dangers or threats posed by UAS activity.
- Understand proper use of force and mitigation measures.
